

# Ricardo Garduño

## *About me...*

Ricardo Garduño Millán is a Bachelor of Accounting specializing in non-profits and vulnerable activities. As General Director of Contadores Públicos y Consultoría Profesional MG S.C., he directs strategies for financial efficiency and regulatory compliance.

A member of ANAFINET in the State of Mexico, Ricardo is a recognized expert in the Mexican fiscal environment. He is particularly distinguished for his mastery of Civil Associations, providing specialized management of their unique legal and administrative frameworks.

## *Professional Biography*

Ricardo possesses solid experience as a business advisor, providing strategic solutions in accounting, fiscal, administrative, financial, and IT areas. His multidisciplinary approach allows him to not only manage tax compliance but also optimize the operational structure of organizations through technological tools applied to accounting. His expertise extends to complex public and corporate environments, highlighting his work as:

- Consultant for government projects, ensuring transparency and the correct execution of institutional processes.
- Specialist in corporate liquidations, managing the orderly closure of operations under strict legal standards.
- Expert in Civil Associations, where he designs specific accounting frameworks that guarantee the stability and fulfillment of the social purposes of these entities.

With a diploma in vulnerable activities, he has the necessary knowledge for anti-money laundering prevention and the correct submission of notices to the relevant authorities, providing his clients with comprehensive legal and financial security.
